TAFI TO SPEAK BEFORE SLOVACK MASS MEETING

Former President Will Be
Principal Orator at Pa-
triotic Gathering

Mayor Clifford B. Wilson, City Clerk J. Alex H. Robinson and Rev. Andrew E. Komara, pastor of St. John's Nepomuk Slovak R. C. church, have been named on the reception committee to greet former President William Howard Taft when he comes to Bridgeport Sunday.

Mr. Taft will speak at an open meeting at the State Armory under the auspices of the Slovaks of Bridgeport. His topic will be "American Patriotism." He will address the Lawyers' club at Buffalo Saturday evening, go to New York Saturday evening and reach Bridgeport early Sunday afternoon. Arrangements for his reception and entertainment while here are now being made by the committee.

The purpose of the Sunday meeting which the former president will address is to express the patriotic sentiments of the Slovaks of Bridgeport and their loyalty to the land where they now make their homes. The gathering is a timely one in view of the trying situation which now confronts the government. A chorus of 150 voices from the choirs of the Slovak churches of the city will sing at the meeting.

The committee of arrangements for the meeting besides Father Komara is: Rev. Gaspar Panik, pastor of St. Cyril & Methodius Slovak R. C. church; Rev. Michael J. Golob, pastor of Holy Cross Croatian R. C. church; Rev. Ludovik J. Karlovsky, pastor of Slovak Lutheran church; Andrej Rusnak, Jozef Malisek, Stefan Buda, Pavel Antalik, Juraj Vangor, Jozef Mihaly and Jan Majer.

WAGE DIFFERENCE TO HANDICAP U. S. IN TRADE STRUGGLE

New York, March 1.—Higher wages paid sailors on American as compared to English merchant ships will handicap this country at the close of the war in its competition with England for commercial supremacy of the seas, according to Dr. George Sidney Webster of the American Seamen's Friend Society. Dr. Webster's opinions are based on observation in a number of American ports and especially in the port of New York where a large sailors' home is maintained on the North River water front.

"The increased merchant ship production in this country," says Dr. Webster, "will not of itself give the United States a commercial supremacy of the seas, although in 1912 the output for probably the first time in history approximated that of Great Britain."

"This increased production will not entirely fly under the American flag,

but even a large percentage of the ships which should be under American ownership will be under foreign registry at the end of the war, when the lower wages paid on foreign ships protection afforded by the American flag is no longer necessary and the flag is no longer necessary and the sign registry."
